STORY

AND-J

THE STORY

Before he started DJing, AND-J was often in the crowd whenever Crack-T played. He watched how Crack-T could captivate a room and draw everyone into the music. It left no doubt: he wanted to create that same feeling himself. He began DJing in 2011, dreaming of sharing the decks with Crack-T. At Lollipop Events, that dream came true, and the two went on to play together regularly. Ciki of Sweet Monkeys and Deniz Erdogan of High Ball / Master Entertainment discovered him at Café Herzog in Wuppertal. Residencies with High Ball and Sweet Monkeys followed, alongside long-standing roles with LFDY and Lollipop Events. Today, the Greek DJ plays clubs, live shows and aftershows.
